

Accessibility Arrangements

Overview

adidas is committed to service and accessibility issues throughout its stores.

The company wishes to provide a fair, respecting and accessible service and shopping experience to each customer - with disabilities and without disabilities.

On this page you will find detailed information about accessibility arrangements in our stores.

Employee Training

All of our employees go through general professional training, including experiential training, implementing procedures and providing information regarding all aspects of accessible service.

In-Store Accessibility

adidas operates 51 stores throughout the country.

Reebok operated 8 stores throughout the country.
